Front End Development

Wireframes

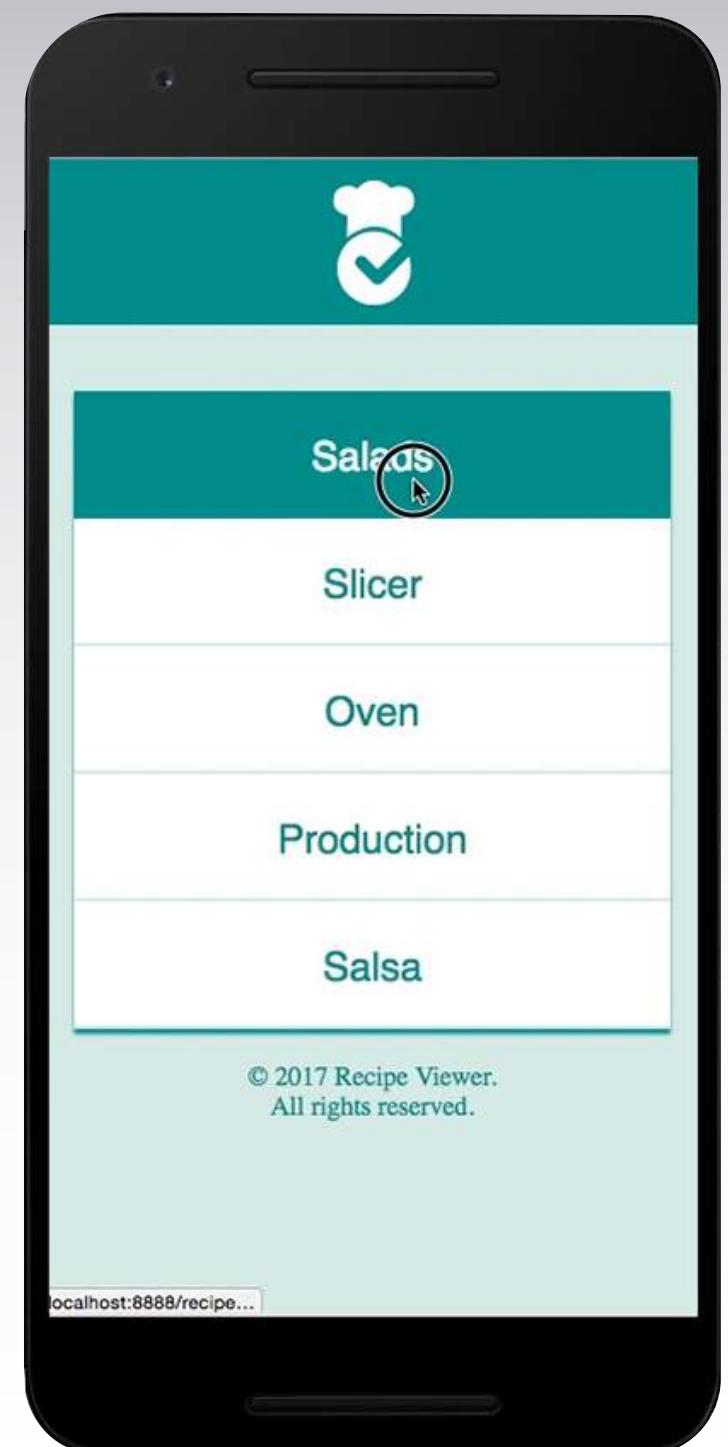

Compositions

The sequence of wireframes illustrates the development of a mobile application interface:

- Wireframe 1:** A simple menu screen with a teal header featuring a chef's hat icon with a checkmark. The main content area contains five items: Slicer, Salad, Oven, Production, and Salsa, each with a horizontal line separator.
- Wireframe 2:** The Slicer item is selected, highlighted with a teal background. Below it, there is a search bar labeled "Salad PrepCook" with a magnifying glass icon.
- Wireframe 3:** The Salad item is selected. It shows a thumbnail image of a salad dish and two options: Chopped Romaine and Julliened Romaine.
- Wireframe 4:** The Oven item is selected. It shows a thumbnail image of a dish and a list of ingredients: Zucchini (10 Pieces), Buttermilk (6 Cups), Frying Flour (1 Lb), and Food Coloring (1 Tsp). Below the ingredients is a descriptive text: "This is a description of the procedure."
- Wireframe 5:** The Production item is selected. It shows a thumbnail image of a dish and three questions:
 - How many cups of buttermilk do you use?
 - What is the measurement for the zucchini sticks?
 - What do you do with the leftover pieces of zucchini?

Web Design

Wireframes

Result

Compositions

The wireframes show the layout and content structure for each page:

- Home:** Features a hero section with "Fixing Car Problems for 10 Years!" and two orange circles at the bottom.
- About Us:** Features sections for "Mission Statement", "Values & Beliefs", and "Experience".
- Contact:** Features sections for "Contact Us Today!", "Full Name", "Email", "Car Model / Year", "Car Problem", "Message", and "Specials".
- Services:** Features sections for "Car Inspection", "Oil Changes", "Battery", and "Specials".

Each wireframe includes a header with a logo and navigation links (Home, About Us, Contact, Services), and a footer with copyright information.
